

- Historical wildfire data has been updated to 1/8/2021
- Historical weather has been updated to 1/2/2021 (there is a 5-6 day delay when historical re-analysis becomes available)
- Historical weather forecasts have been updated to 1/23. **However, we discovered an issue (a calibration factor) with the solar radiation starting already in 2019. We are working hard on tracking it back.**
- Vegetation index data has been update to 12/1/2020. **However, we have processing issues for the NSW, QL and VI and were not able to update the data. We are working to correct this.**
